## COM 14

Modello utilizzato per letti imbottiti, composto da un kit totalmente smontabile. Il letto finito ha un ampio e comodo contenitore sottostante. L'apertura, molto semplice, è pilotata da molle a gas che alzano il letto con un movimento lento e costante.

*A model used for quilted beds, consisting of a kit that can be fully disassembled. The finished bed has a wide and practical container underneath. Opening, very simple, is assisted by gas springs that lift the bed with a slow and constant movement.*
